

ASA Registration

All swimmers must be registered with the Amateur Swimming Association (ASA) to swim within a club. Kingsbridge Kingfishers pays this registration fee on behalf of all the swimmers.

However, to compete in County, District and Open Competitions, a swimmer must be registered with the ASA as a competitor. This costs an extra amount per year and is payable by the swimmer.

The committee has decided on the following:

- to continue to pay the non-competitor registration fee on behalf of all members.
- to pay the competitor registration fee on behalf of the swimmer if they have only been required to swim for the club in the Devon County relays, the Devon Inter-Club gala, the Speedo League or the Cornwall and West Devon League; have not qualified for the Devon County Championships and do not swim in any other events requiring them to register as a competitor.
- to pay 50% of the competitor registration fee for swimmers in the first year in which they are required to register as a competitor.
